Co2mmunity:

Co-producing and co-financing renewable community energy projects

projects.interreg-baltic.eu

Co2mmunity

When citizens join forces to set up, finance and manage energy production based on renewables in their region, it is called community energy. The project gives municipalities, regional energy planning agencies and citizens' associations across the Baltic Sea region the information they need to start and run community energy projects in their regions.

Project budget	EUR 3.1 million
Lead partner	Kiel University, Germany
Project partners	16
